ishga

Organic Seaweed Skincare

ishga is derived from the Gaelic word for water. Their products have been developed in the Outer Hebrides using the highest quality and purest Scottish seaweed combined with water from a natural spring situated on the beautiful Isle of Lewis.

Seaweed has been used for centuries for its natural healing and therapeutic properties and contains a high content of vitamins, minerals and powerful natural antioxidants, which are considered essential for maintaining glowing skin; while recent scientific research shows the seaweed extract used in ishga preserves the skin's natural collagen.
